Integrating global design perspectives, connecting international brands, architectural trends, furniture aesthetics, and artistic resources to inspire cross-border innovation through deep fusion, infusing international perspectives and inspiration into the exhibition, and collaboratively shaping new paradigms for the future office furniture industry.

## A 区 5.2 号馆 广州办公环境主题馆

## Hall 5.2, Area A Guangzhou Office Environment Theme Pavilion

CIFF2026 广州办公环境主题馆以“有筑·无界·可持续”为内核，通过现代可持续材料与传统席编工艺交织的灵动飘带，诠释认知架构、无界设计、永续循环三大未来办公命题，构建空间重构的生态原型，与行业共链创新，启幕价值新篇。

CIFF 2026 Guangzhou office environment theme pavilion embraces "constructive, boundless, and sustainable" as its core. Through the interweaving of modern sustainable materials and traditional seat weaving crafts, it interprets the three future office propositions: cognitive architecture, boundless design, and sustainable circulation, building an ecological prototype for spatial reconstruction, innovating collaboratively with the industry, and unveiling a new chapter of value.

## C 区 S15.3P01-S16.3P01 CMF 趋势国际材料长廊 2026

## S15.3P01-S16.3P01, Area C CMF TRENDS 2026 INTERNATIONAL MATERIALS GALLERY

打破目前的材料展陈设计形态，邀请策展人与国际顶级材料商合作，将 4 个趋势主题具象化为 4 个独立的沉浸式体验装置，激发观众对材料、图案和色彩应用的灵感。本次特展将冰冷的材料转化为充满生命力的艺术剧场，带来充满设计感的户外结构和色彩空间，献上一场革新认知的材料艺术盛宴。

The exhibition transcends conventional material display formats by inviting curators to collaborate with leading international material suppliers. This collaboration transforms four major trend themes into four distinct, immersive installations, designed to inspire visitors in their application of materials, patterns, and colors. By converting cold materials into a vibrant artistic theater, this special exhibition presents outdoor structures and color spaces brimming with design sensibility, offering a revolutionary feast of material art that promises to reshape perceptions.

## C 区 14.3 号馆北走廊 《大家居创新趋势研究报告》成果展示区

## Hall 14.3 North Corridor, Area C Showcase area for the "Home Living Innovation Trend Research Report"

展示区以“植树治沙”为视觉符号，诠释“材料源于自然、产品归于环保”的理念。展览通过“绿色基材→表面工艺→环保涂装→成品家具→生态公益”全链路，呈现从源头认证、废料新生到“油改水”纯净变革，最终以“0 苯 0 甲醛”家具与公益闭环，完成一场从自然到生活、再回归自然的可持续探索。

The show uses "tree planting for desert control" as its visual symbol to convey the concept of "materials derived from nature, products returned to environmental protection." Through the entire chain of "green base materials → surface finishing → eco-friendly coating → finished furniture → ecological public welfare," it showcases a journey from source certification and waste regeneration to the clean transformation of "switching from solvent-based to water-based coatings." Ultimately, it culminates in "zero-benzene, zero-formaldehyde" furniture and a closed-loop public welfare initiative, completing a sustainable exploration from nature to life and back again.
